

Tijuana River National Estuarine Research Reserve Saturday Speaker Series

Saturday, November 19th, 10:00 - 11:00 a.m.

The World Is Littered With Opportunity Homes and Parks from Trash and Tires in our Bi-national Watershed

Steven Wright, 4Walls International

Experience the walk-about lives of two local non-profters combining community engagement and sustainable construction at the intersection of social justice and conservation. Steven and Waylon have been transforming problems into solutions since 2009 and look forward to sharing their experience with you from throughout the Americas, the border region, and even here locally in Imperial Beach.
