

South San Diego Water Quality Workshop

FREE!

Hosted by WILD COAST &
Tijuana River National Estuarine Research Reserve

**Wednesday, November 20, 2013
6:00PM-8:00PM**

TRNERR Visitor Center, 301 Caspian Way, Imperial Beach, CA 91932

Join us to learn about the process that goes into monitoring ocean water quality, influencing beach closures and advisories.

Walk away with practical tools that will help you to know when the water is safe and how to safeguard your health!
