

Tijuana Estuary Explorers Teacher Training

“Tijuana Estuary Explorers” is a school program, targeted for 3rd – 6th grade, that meets state standards and incorporates reading, expository writing, and science into multiple comprehensive hands-on activities about the Tijuana Estuary and its watershed.

A teacher training is required for all teachers who wish to bring students for a program. Once completed, teachers do not have to repeat it and they may bring their class for a school program every year. The training will guide teachers through the student journal and includes both a virtual and in-person portion. On the in-person day, a teacher’s guide and student journals will be given out so teachers should bring a box or bag to accommodate.

February 5 & 6 | 3:15 PM — 4:15 PM

- Virtual -- Zoom link will be provided

February 9 | 4:00 PM—5:00 PM

- In-person -- mocktails will be provided!

**In-person: Tijuana Estuary Visitor Center
301 Caspian Way, Imperial Beach
(619-575-3613)**

**Bring: walking shoes, hat, sunscreen, a
bag or box for your student journals**
